

## What you can do to help at home:

- ≈ Read to your child/share a story or fact book and discuss the text.
- ≈ Notice and discuss real-life maths such as weighing ingredients for cooking and using money.
- ≈ Support your child when completing any homework set.
- ≈ Spend time outdoors and discuss seasonal changes.
- ≈ Encourage them to be independent in everyday activities.
- ≈ Make sure your child has their PE kit in school.
- ≈ Ensure all clothes, packed lunch/snack pots and water bottles are named please.

## Kilmington Primary School Kingfisher Class

Year 1 and 2  
Miss Knapman  
Summer Term 2024  
Curriculum Map

## Science

'Healthy Me' - we will be thinking about the importance of exercise, eating the right

amounts of different types of food and hygiene. We will be thinking about what we need to survive but also what we need in order to be happy and healthy. We will learn how to take care of our physical and mental health.

## Art/DT

In art, we will be studying the artist Wassily Kandinsky

and creating pieces of abstract art using shape and colour.

In Design and Technology, we will be designing and making a healthy wrap to link with our learning about food in Geography and Science.

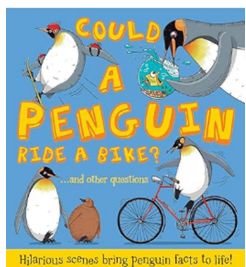

## English

In English, we will have our usual daily phonics sessions to improve reading and writing skills. Adult led reading groups will take place three times a week.

During English lessons, we will be reading the book 'Could a Penguin Ride a Bike?' We will be looking at the layout of the book, the questions it asks and the information text presented. We will be writing our own questions and information text about an animal of our choice. We will also be improving handwriting, grammar, punctuation and spelling skills.

## RE, PSHE and Music

In RE, we will be learning about Christianity and the good news that Jesus brings using stories from the New Testament. In PSHE, we will learn about rights and responsibilities and living in the wider world. We will be learning about different genres of music. We will continue to appreciate our 'Music of the week'.

## Kingfisher Class Summer Term 2024

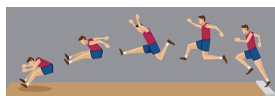

## Computing

We will be looking at algorithms and the importance of accurate instructions in computing. We will also be learning some word processing skills such as typing, changing the font, spell check and saving work.

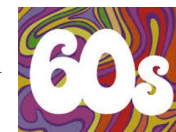

## PE/Games

PE: we will be learning how to play beanbag rounders, traditional rounders and cricket. Games: we will be working on athletics skills, completing running, throwing and jumping challenges. We will be learning about keeping fit and healthy.

## History - 1960s

We will be looking at the decades with a focus on the 1960s and consider the following key questions:

How do our favourite toys and games compare to those of children of the 1960s?

Why were there no SMART toys and games in the 1960s?

How can we make sure we play with SMART toys and games safely and securely?

What do adults I know remember about the 1960s?

Visit from someone who was a child in 1960s.

## Geography - Key Questions:

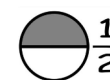

Why does it matter where my food comes from?

Where do dairy products come from?

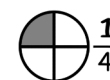

Why are there so many dairy farms in Devon?

How does our list of favourite fruits and vegetables compare with the favourites of other people?

Why is it important to know all about sugar?

## Mathematics

In maths this term, we will be learning about: Fractions—understanding and recognising a half, a quarter and a third

tally	count
	12
	8

Statistics—tally charts, pictograms and bar charts.

Position and direction—turns and position.

We will also be learning to tell the time - to the nearest hour, half an hour, 15 minutes and 5 minutes.
